Global Beauty Clears Up Adolescent Acne with *Teen Healthy Skin Kit*

IRVINE, CA (July 20, 2009) – Global Beauty, one of the only manufacturers of *clinical based* private-label skincare products, makes it perfectly clear that acne-prone teenagers can achieve a glowing complexion.

The company recently introduced “Teen Healthy Skin,” a comprehensive skincare kit featuring a team of products that encourage healthy-looking skin.

“Many teens don’t know how to treat acne, and visiting a dermatologist can be costly, and often not as effective as getting treatment from an experienced esthetician,” explained Ellen Clark, president of Global Beauty. “It’s important to work with an esthetician who not only recommends the appropriate products, but has the background to answer questions and adjust the product regimen as the teen’s skin improves.”

Teen Healthy Skin Kits are customized with the salon’s logo on the bottles and marketing insert cards. Requiring only a six-piece minimum order, they are affordably priced at \$13 each (MSRP \$26), giving

one’s young customers the opportunity to sample the entire line with little financial outlay. Most clients using the kit will see results within the first week. “The skin will become less oily, pores will appear smaller, and acne will start to dry up,” Clark explained.

A combination of two-ounce bottles and ¼-ounce jars, the kits include:

- **Lactic & Green Tea Cleanser** - A soothing facial cleanser that calms acne-prone skin
- **Citrus Scrub** - Exfoliates with the uplifting benefits of aromatherapy. Non-abrasive circular beads help to gently reduce excess oils, remove makeup and congestion. Non-comedogenic, it is great for teens with oily or blemished skin
- **Blemish Serum** - An exfoliating serum with a combination of salicylic and glycolic acids to help reduce excess oil, clear blemishes and reduce breakouts
- **Vitamin C Day Cream (SPF 30)** - High-potency Vitamin C provides a powerful antioxidant, and an SPF offers sun protection. The light formula is non-greasy and non-comedogenic, perfect for teen skin
- **Green Tea Oil-Free Moisturizer**- An ultra-light, greaseless moisturizer that provides excellent hydration to balance and nourish the skin, delivering a healthy glow without the shine
- **Sulfur Therapeutic Mask** - Helps reduce breakouts, absorb oil and calm the skin

In addition to the kits, Clark offers the following tips for acne-prone teens:

- Wash one’s face twice daily - develop good skin cleansing routines
- Wear sunscreen daily
- Use light or oil-free moisturizers
- Apply on pimples a product with Benzoyl Peroxide and another product with Salicylic Acid or Glycolic Acid once daily each
- Stay away from heavy, thick makeup and creams
- When using scrubs, gently massage them in. Do not vigorously scrub the face with anything
- Avoid picking the face. Apply sulfur clay masks that help dry out the blemishes. They can be left on overnight on the pimples, and help immensely

Global Beauty is an innovative private label skincare line that provides estheticians with advanced cosmeceutical products, low minimums and branding support. The line includes a full range of professional and retail products and sophisticated customized labeling.
